Tabular data details:

Total number of observations	359392
Total number of files	3
Total number of features	13
Base format of the file	ipynb
Size of the data	306 KB

Note: Replicate same table with file name if you have more than one file.

Proposed Approach:
- I assume the data is accurate and is a good representation of the demand and transactions of taxi services across different cities in America
